

EDGELANDS

NURSERY & ECOLOGY

edgelandsnursery@gmail.com

Order pick ups arranged by advance appointment only - send us a note to coordinate!

Plants are shipped in compostable pots (recommended for planting in 7-10 days) or in compostable bags (recommended for planting within 2 days), or packaged with untreated burlap, which can securely contain the root balls for a longer time.

Please specify packaging type when ordering.

2" pot sizes are suitable for planting out in well tended conditions, but also for potting on to larger sizes for re-sale.

Pricing: Retail prices listed below. Discount levels:

Retail customers: 30% discount on orders over \$200 at retail price

Professional customers: 30% discount on orders under \$200 at retail price

50% discount on orders over \$200 at retail price

Payment: Cash, check, or tap-to-pay card

Seed source location listed for verified wild populations. "Cultivated plants" seed source indicates sourced from local seed company or garden setting. Clonal propagation (cutting or division) indicated with source if propagated from non-cultivated plants.
